Password Recovery

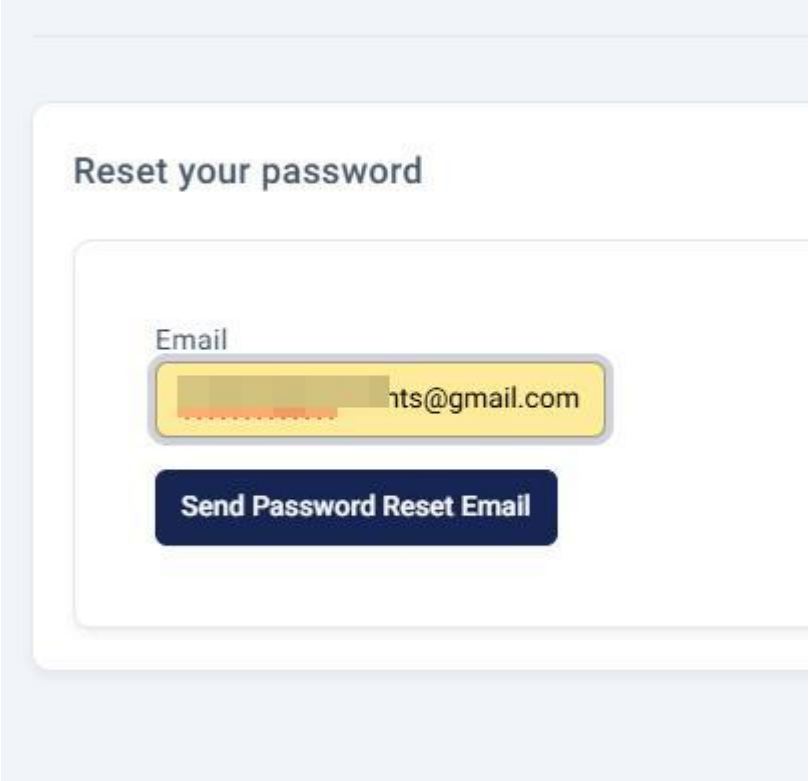

Step #1

You will be on this page using this link:
https://feed.westernpips.com/login

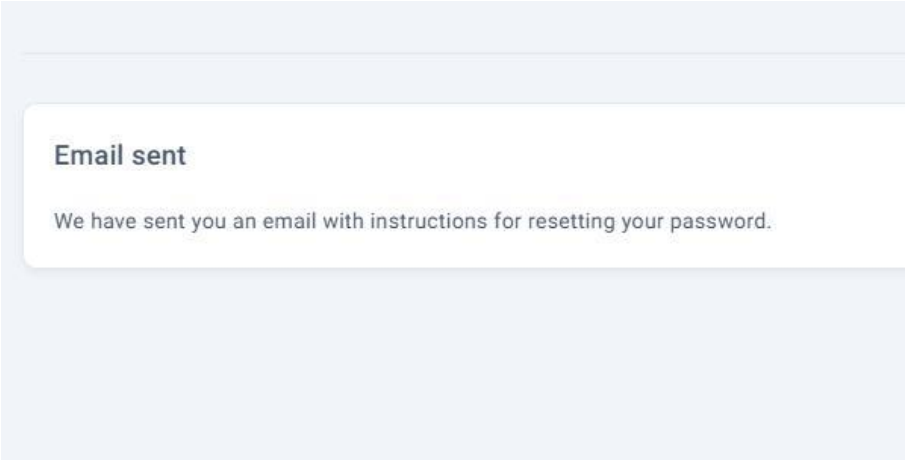

Step #2

Click on the «Forgot Password» area and this form will appear:

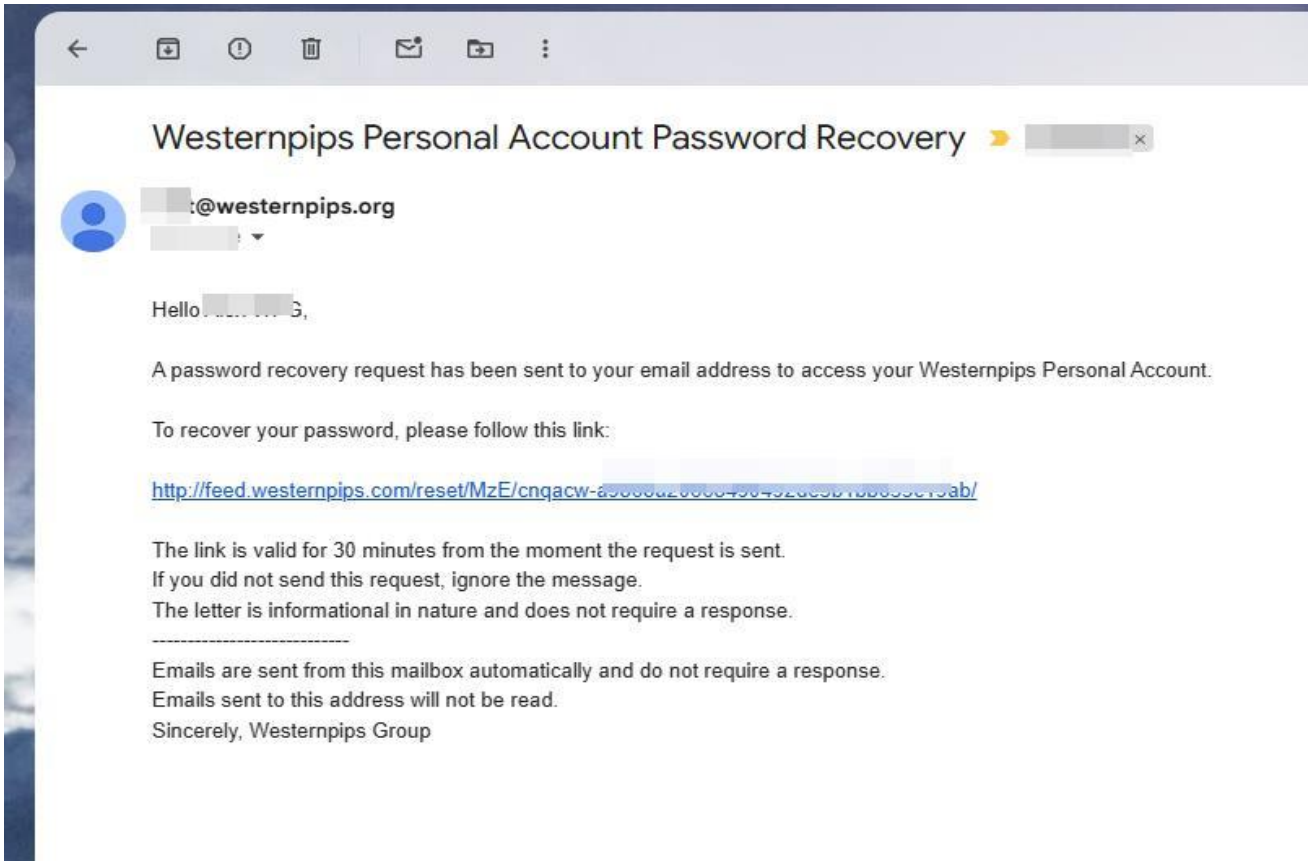

Step #3

Enter your current email address, which was used during the initial registration of your personal account. Click on «Send Password Reset Email». You will receive a message like this:

Step #4

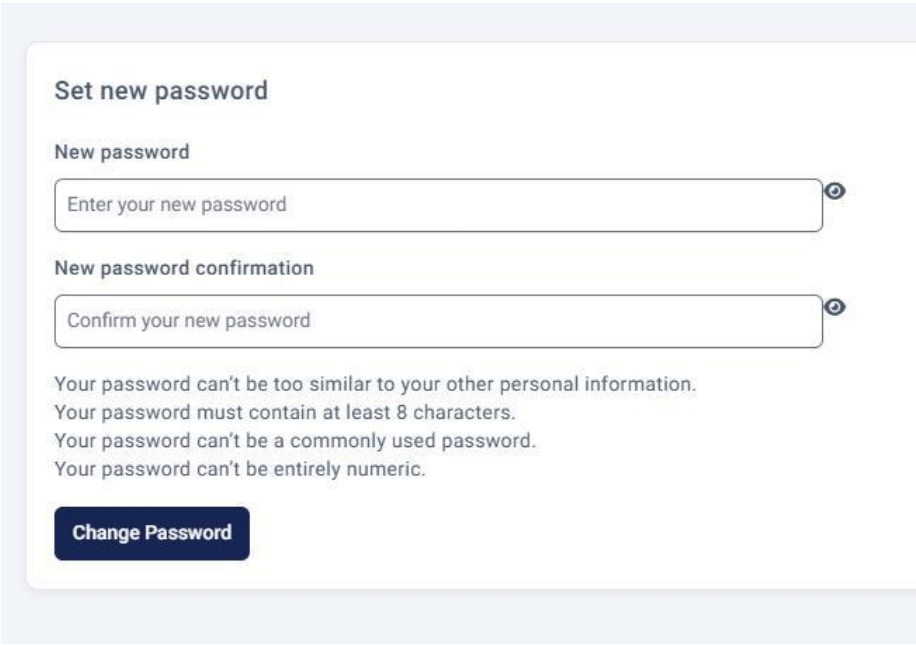

You will receive an email with a link that you will need to follow.

Step #4

After clicking through, you will be taken to a form for creating a new password. Come up with a new password, observing the conditions for its creation from the hint below the form.

(!!!) Make sure to save and write down your new password.

Step #5

Next, you will see a form like this, after which you can log into your personal account with a new password:
